

Materials for tracking Ontario government progress on Step it Up!

NEW STEP IT UP! MATERIALS

It's time to start tracking government progress on the Step it Up Platform for Parties and promises made to women by the Ontario Liberals during the 2007 provincial election campaign.

You can track Liberal promises with our 'Election Scorecard' in English and French.

To countdown Liberal and Opposition MPP action on the Platform for Parties, check out our 'Counting on You' flyer in English and French. The flyer is a short version of the Step it Up Platform for Parties that you can use to question your MPP on their record of support (or not) for these measures.

You can download the full Step it Up! Platform for Parties [HERE](#) .

Use these tools to compare their words with action over the next 4 years!
